Training & Consultancy Ltd

Whatever your business, you need to comply with Health & Safety legislation.

The tangible benefits go way beyond an enhanced professional image and compliance with workplace law. There are real practical benefits which improve the efficiency and productivity of your workforce including; lower insurance premiums and the reduced risk of expensive legal claims against your company.

Our Health & Safety Consultants have the technical experience, qualifications and know-how to help you.

Our two hour Health & Safety audit will help you to see what is going right and what is going wrong. Our bespoke consultancy packages can be designed to meet your needs and to suit your budget.

We work in partnership with a small number of local organisations to provide you with access to additional services including signs and protective equipment.

We work in line with up to date Health & Safety Executive guidelines.

Level 2 Award in Food Safety in Catering (accredited)

A one day course with multiple choice exam

This qualification will provide candidates with knowledge of the basic food safety practices that are essential in the catering industry. This includes the hazards and risks to food safety presented by food operations and personnel together with cost-effective, practical control measures. The achievement of this qualification will enable learners to identify how to make changes to catering practices in order to improve the safety of catering services.

The qualification is designed principally for those who are, or intend to be, food handlers working in catering. It is also appropriate for persons providing services to catering premises including pest control operators, maintenance engineers, cleaners and laundry & delivery personnel.

Level 2 Award in Health & Safety in the Workplace (accredited)

A one day course with multiple choice exam

This qualification will provide candidates with knowledge of the basic Health and Safety practices that are essential in the workplace. This includes the hazards and risks presented in the workplace along with the relevant legislation, and ensures awareness of cost-effective, practical control methods. The achievement of this qualification will enable learners to work safely and to recognise and deal with hazards in the workplace.

The qualification is applicable for any private or public sector working environment and provides employees with an awareness of their own safety, as well as the safety of customers, contractors and members of the public. Level 3 qualification also available for Supervisors, contact us for prices.

£50 pp

Level 2 Award in Safe Moving & Handling (accredited)

A one day course with exam and assessment

The Health and Safety at Work Act 1974 and subsequent Regulations require that employees training should be supplemented with specific training and information on manual handling. The qualification provides an effective means of ensuring that employees are aware of their responsibilities and have understood the principles of the safe moving and lifting of loads and will apply to nearly all work activities from offices to care homes and factories.

Level 1 or 2 Award in Fire Safety Awareness (accredited)

A half day (Level 1) or one day (Level 2) course with multiple choice exam

The Level 1 Award in Fire Safety Awareness is a qualification aimed at all staff, particularly new starters in any workplace, where a basic understanding of fire safety is required.

The Level 2 Award in Managing Fire Safety is a qualification aimed at anyone involved in the management of fire safety in any workplace. This includes managers, supervisors, team leaders, fire wardens (marshals) and staff working in any area where there is a potential risk of fire.
